We are heading into the last 3 months of the year when the days get shorter and weather cooler. Add to that the upcoming dreaded Halloween candy and the Holiday Food Fest Season. As we spend more time inside, we have ample opportunities to eat and may be less incline to exercise. At Park Avenue Fitness we have the answer!

Make appointments with one of our fabulous 11 trainers - small group trainings, one-on-one, or even zoom sessions, 7 days a week, from early mornings through evenings. Be proactive with your health & fitness and let's end 2023 strong!
