#### **TENNIS TIP**

When things are not going well in a match, the best thing to do is to simply slow down.

Take the full 20 seconds you have between points to gather yourself and take a deep breath.

On the other hand, if you're having one of those great days and winning your points on your serve, then you should work to maintain that pace. If you're winning two points in a row, you have the positive momentum and should try to keep your play at that quicker pace.

Come out to Aptos's Imperial Courts Club, for <mark>a day of handball, food, & drink. Entry fee \$20. Just minutes away from Capitola beaches, Santa Cruz Beach Boardwalk, Mystery Spot, so make a day out of it!</mark>
